Description
Preface
This volume contains a more or less nomadic collection of verse, produced throughout a period of forty years in an otherwise active life. It represents selected subjects, several of which have never been offered for publication. Some have elicited favorable comment; others have been reprinted in books and magazines or preserved in the scrap books of friends and acquaintances. A few have been declaimed on various occasions. It is the sincere hope of the subscriber that the book may find a permanent place in the esteem of the reading public.
